ABOUT US

The story of ACEMAPP isn't about software or databases. It's about bringing together groups of diverse stakeholders to improve the clinical education process.
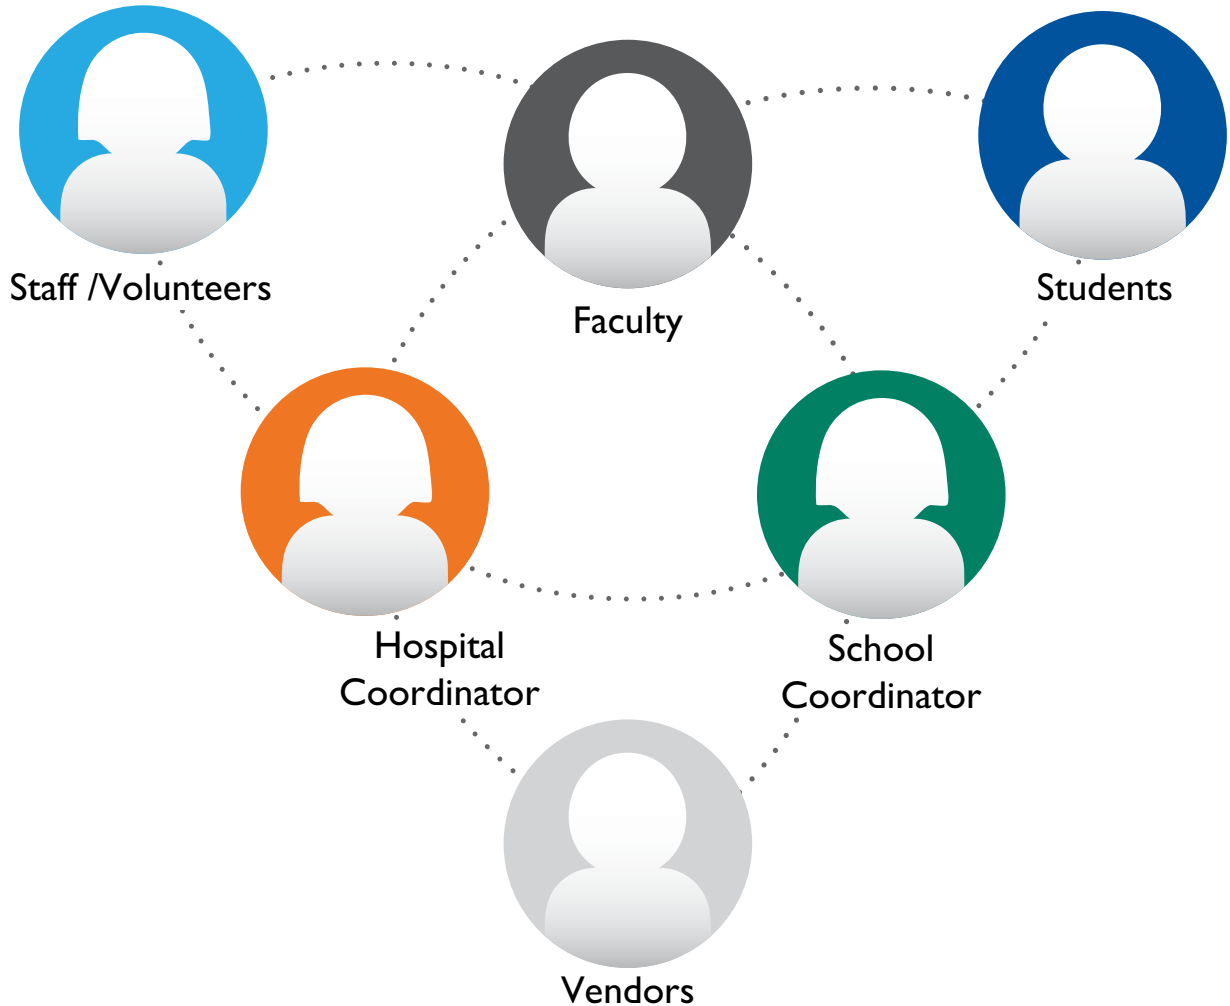

ACEMAPP is a secure, online, clinical rotation matching, student on-boarding, and document storage solution for clinical sites, schools and consortia.

Developed by the Michigan Health Council in response to scarce clinical rotation resources, the mission of ACEMAPP has always been to help strengthen the healthcare workforce through seamless clinical education.

Since the initial launch in 2008, the product continues to grow and evolve to meet the changing demands of clinical and education partners. Today ACEMAPP coordinates clinical rotation experiences across multiple professions, and includes features that are customizable to each organization's needs, regardless of size.

As new needs arise in clinical education, ACEMAPP has the staff, flexibility, and expertise to find easy to use and sustainable solutions.

CONSULTATION, SUPPORT & SERVICE

The ACEMAPP team will work with you and your organization every step of the way, from implementation planning and communications to ongoing support for your team, partners, students and faculty.

Our collective experience in working with both school and clinical partners to come together around a streamlined method enables us to consult on how to transition to a new process.

As part of implementation planning, we will help you to

- Develop an implementation timeline
- Communicate to partner schools
- Complete a needs assessment
- Establish an online onboarding process

The ACEMAPP team supports users by providing high-quality training, education, and support videos and documents for all users. ACEMAPP contains an in-depth knowledge base and internal ticketing system which provides users with answers to their common questions.

SCHEDULE A DEMONSTRATION

Allow us to provide you with a demonstration and answer any questions you may have on how ACEMAPP can work for you and your organization's unique needs.

We're confident that ACEMAPP is the most robust clinical placement software on the market. But don't take our word for it; see it for yourself through an online demonstration where we'll walk you through some of our most innovative features.

To date, we have been fortunate to work with regional partners from across the country to implement ACEMAPP.

We hope to have the opportunity show you ACEMAPP and discuss how it may be a good fit for your clinical education needs.

To schedule a demonstration, please contact us.

MATCHING AND PLACEMENT PROGRAM

"With the common goal of creating a strong healthcare workforce for the future, both clinical facilities and healthcare education programs can come together through ACEMAPP to ease the stress of the overall process of clinical placements."

Ashley Smith, Northeast Georgia Health System

"Your response of being open and eager to help me and my student navigate ACEMAPP, not only made me relax over having to learn another new procedure, but also lets me know we WILL be able to get this done! Thank you for your kindness and availability!"

Kay Ryle, Kennesaw State University

"[I enjoy] the structure: having timeliness for requests, filling placements, and a process in place to ensure compliance to guidelines"

Cheryl Barger, RN BSN MS, Beaumont Health System
